

Bureau-wide Use (Yes)

Seeking Partner Agencies (No)

Automation Available to Other Agencies (No)

Automation Name	Internal Revenue Service (IRS) Spreadsheet Uploader
Implementing Agency	Department of the Treasury's Internal Revenue Service (IRS)
Description of Automation	<p>The IRS Spreadsheet Uploader allows the user to save a copy of the award data in Excel and allows for bulk revisions in IRS' procurement system, called Procurement for Public Sector (PPS).</p> <p>The IRS Spreadsheet Uploader maps data used PPS during the shopping cart creation and the award phase to an Excel workbook. This allows the user to utilize copy/paste for key data elements such as Period of Performance Dates, Qty, Pricing, Item Description, FSC Codes, Contract Type etc., which are all the necessary individual data elements that each singular line of a procurement action in PPS would need.</p> <p>Spreadsheet uploader for Shopping Cart, Purchase Order, Delivery Order, Blanket Purchase Agreement (BPA) and Indefinite Delivery Indefinite Quantity (IDIQ) procurement actions allows the user to save data and make system changes in bulk versus having to revise each individually as required when using PPS.</p>
Type of technology used	Mapping

Bureau-wide Use (Yes)

Seeking Partner Agencies (No)

Automation Available to Other Agencies (No)

Benefits of Use	This tool drastically reduces the amount of time spent to process an action in PPS. Use of the tool reduces, from weeks to minutes, the time it takes in PPS to create awards and Shopping Carts with requirements that have over 500 lines.
Automation Status	In Production
Agency ATO Completed	No
Is the automation exportable for use by another agency?	No
Primary Data Sources	IRS Procurement (PPS)
POC Contact	Sandra.E.Taylor@irs.gov

Bureau-wide Use (Yes)

Seeking Partner Agencies (No)

Automation Available to Other Agencies (No)

Lessons Learned	This tool drastically reduces the amount of time spent to process an action in PPS. It allows the user to save a copy of the award data in Excel and allows for bulk revisions. The learning curve is minimal because the spreadsheet contains the same data as would be required in PPS.
Video Demonstration	No
