L.1.  **52.212-1 Instructions to Offerors—Commercial Items (Jan 2017)**

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

1. The solicitation number;
2. The time specified in the solicitation for receipt of offers;
3. The name, address, and telephone number of the offeror;
4. A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
5. Terms of any express warranty;
6. Price and any discount terms;
7. “Remit to” address, if different than mailing address;
8. A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
9. Acknowledgment of Solicitation Amendments;
10. Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
11. If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender’s request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

1. Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

2. (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—
(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror’s initial offer should contain the offeror’s best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to—

The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “Unique Entity Identifier” followed by the unique entity identifier that identifies the Offeror’s name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see subpart 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at [www.sam.gov](http://www.sam.gov) for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an offeror for a Government contract when contacting the entity designated at [www.sam.gov](http://www.sam.gov) for establishing the unique entity identifier.

(k) System for Award Management. Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the SAM database accessed through [https://www.acquisition.gov](https://www.acquisition.gov).

L.4.2.1. **Video Submission Instructions**

L.4.2.1.1. The offeror shall submit a video that is no longer than 20 minutes in length/duration utilizing Youtube.com for the Government to access. Video content that extends beyond 20 minutes will not be considered in the evaluation. Videos may be marked public or private. By **8:00am EST on Wednesday, October 11, 2017**, the Offeror shall send a YouTube link and password to Sandra Oliver Schmidt at Sandra.Schmidt@fletc.dhs.gov in order for DHS to access the video submission. The Contracting Officer will confirm receipt of Video Submissions. Do not provide a shortened URL, such as youtu.be.

L.4.2.1.3. Offerors shall provide sufficient information for the Government to determine its level of confidence in the ability of the Offeror to perform the requirements of the RFP based on an assessment of relevant experience from the contractor. The Offeror shall demonstrate experience in accordance with Factor 1 evaluation criteria. **ONLY EXPERIENCE SHOULD BE DISCUSSED IN THE VIDEO.** Information regarding other factors will make it difficult for the Government to evaluate its confidence in your Experience. The Government will not use information regarding other factors to supplement the Oral Presentation.
L.4.2.1.4. NOTE 1: The Government does not intend to evaluate the quality of the video submissions. Unnecessarily elaborate videos beyond that which is sufficient to present a complete and effective response to this solicitation are not desired and may be construed as an indication of the offeror’s lack of cost consciousness. Computer-generated graphics, background music, elegant sets, and so forth are neither necessary nor wanted. The Government strongly encourages Offerors not to invest significantly in the video submission. A smartphone video or other low-cost video production is encouraged.

L.4.2.1.5. NOTE 2: An offeror who includes in its proposal data that it does not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall prepare a text indicating such. L.4.3.1.1. After the Government completes evaluation of Step 1 – Video Submissions, Offerors will receive an advisory notification. Offerors who are rated most highly for Factor 1 will be advised to proceed to Oral Presentations. Offerors who were not among the most highly rated will be advised that they are unlikely to be viable competitors, along with the general basis for that opinion. The intent of this advice is to minimize proposal development costs for those Offerors with little chance of receiving an award. However, the Government’s advice will be a recommendation only, and those offerors may elect to continue their participation in the acquisition. The Government does not intend to provide debriefings after the completion of Step 1.

L.4.3.1.2. Failure to participate in Step 1 precludes further consideration of an Offeror. Offeror submissions will not be accepted from Offerors who have not submitted Step 1 – Video Submissions by the due date and time stated in this solicitation.

The file shall also include a Summary Worksheet showing the proposed price of each CLIN in Section B. While certified cost and pricing data is not required, other than certified cost and pricing data is required. The detailed breakdown of your proposal is required in order to allow the Government to determine both price realism and price reasonableness. It will also allow the Government to ensure the applicable Wage Determination rates have been utilized.

When discussing sufficient resources, include a description of the financial resources that presently exist within the company to support this effort, whether outside financial support must be obtained, and if so, how it will be obtained and from what source. Include documentation to substantiate outside financial support.

The company financial statements and the narrative regarding resources will be utilized for a determination of responsibility and will not be used in proposal evaluation.

L.4.5.1.2.1. FIRST HOUR. The Contracting Officer will share a standard set of technical questions to the offering contractor involving issues the offering contractor should reasonably expect on this contract. [Contracting Officer shall insert the significant evaluation factors, such as (i) technical capability of the item offered to meet the Government requirement; (ii) price; (iii) past performance (see FAR 15.304); and include them in the relative order of importance of the evaluation factors, such as in descending order of importance.]

Technical and past performance, when combined, are __See M.2_______ [Contracting Officer state, in accordance with FAR 15.304, the relative importance of all other evaluation factors, when combined, when compared to price.]

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. (c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

M.2.2.3. The Government expects only Experience to be addressed during the Video Submission. Should the Offeror provide information for other technical factors during the Video Submission, the Government will assume the offeror does not understand the requirement and in turn may provide a lower confidence rating when assessing Experience.
