

Concept Card
CFCN 001 Digital Services Credential (DITAP)

Last Modified 10/10/2024

Description
The United States Digital Service (USDS) and the Office of Federal Procurement Policy (OFPP) collaborated to develop a specialized and immersive training and development program called the Digital IT Acquisition Program (DITAP). The Digital Services Credential (DITAP) ensures federal government acquisition professionals can design innovative and flexible procurements for IT/Digital Services and become change ambassadors. Visit the USDS.gov website for more details.

Target Audience
FAC-C (Professional) certification holders assigned to acquisitions consisting primarily of digital services over FAR 13.500(c) thresholds are required to attend DITAP training.
FAC-P/PM, FAC-COR Level II or III certification holders assigned to acquisitions consisting primarily of digital services over FAR 13.500(c) thresholds are encouraged to attend DITAP training.
